Spring 2012

Dear Friends,

It's possible no Spring in our experience here has been more eagerly awaited than this one. Each time we came to the garden for an early Spring chore, it seemed more faces popped up at the gate to ask, "When will you open?"

Well, happy days are here again. The garden is near total "green-out." Flora are bustin' out all over, and this little corner of the world is awash in vivid color.

What else? Hundreds of school kids will learn about buds and blossoms and bugs. (Our free **Children's Festival of Flowers**, the jolliest Spring day on these premises, is **Saturday May 19<sup>th</sup>**, rain date Sunday, May 20<sup>th</sup>.)

You can also enjoy free **SummerMusic in the Garden**, June to September, or book a wedding ceremony or photo shoot by contacting [vgpny@gmail.com](mailto:vgpny@gmail.com). The **Friends Garden Party** on **Monday, June 18<sup>th</sup>**, rain date June 19<sup>th</sup>. Mark your calendars.

We cordially invite you to renew your support of the Garden by joining the Friends today. If you can be especially generous, become a JMG Godparent with a donation of \$500 or more and we will give *you* the breathtaking **New York City Gardens**, featuring page after page of ever more luscious photographs.

Your gifts, in all amounts, are highly valued. They are the key to this Garden's past, present, and future. And one more thing: We request the honor of your presence here. Frequently. Thank you.
