

ADOPT-a-POT 2012

The internationally celebrated artist and potter Marianne Yoors will repeat last year's successful benefit this fall. Working with JMG volunteer Susan Quist, Marianne will stage "Adopt-a-Pot" here on Saturday afternoon, October 27. (Rain date: October 28) She and fellow Greenwich House potters will donate flowerpots and vases, plates and small garden-themed sculptures for the benefit. This is Marianne's way of giving back, since much of her own work has been inspired by JMG's leaves and ferns. Do not miss this opportunity to acquire a unique piece of gardening art and to support the Garden.
